

Web site of the French Financial Daily Newspaper

**MARKET FACTS:**

Although originally slow to catch on, the French web surfer is now becoming an ardent convert and at the current time there are 18.4 million Internet users in France. Currently, over 30% of French web surfers are prepared to purchase on line and it is certain that this number will grow dramatically over the next year. However with connection charges dropping to some of the cheapest in Europe this tradition is expected to establish itself on the Internet.
